

AUNG PYAE PHYO

WEB DEVELOPER

PERSONAL PROFILE

👋 Hello! I'm a passionate and motivated Junior Web Developer with a solid foundation in various front-end and back-end technologies. My expertise lies in creating dynamic and user-friendly web applications while constantly striving to expand my skills and contribute to meaningful projects

TECHNICAL SKILLS

- Proficient in HTML, CSS, and JavaScript, ensuring responsive and visually appealing web designs.
- Experienced in utilizing CSS frameworks such as Bootstrap, Sass, and Tailwind CSS to streamline UI development and enhance user experiences.
- Skilled in crafting interactive user interfaces using ReactJS, creating seamless and efficient single-page applications.
- Understanding of Redux for state management in React applications, enabling efficient data flow and application-wide consistency.
- Well-versed in version control tools like Git, facilitating collaborative development and code management.
- Familiar with server-side scripting using PHP and Laravel framework, enabling the development of robust and secure web applications.
- Knowledgeable in designing and managing relational databases using MySQL, ensuring efficient data storage and retrieval.
